Now is the Time to visit

California

When summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions—eternal summer for those who cannot endure a more severe climate. California has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodations, congenial companions and varied, pleasing recreations.

SOUTHERN PACIFIC CO.

Will be glad to supply some very attractive literature, describing in detail the many delights of winter in California.

The rate from Salem to Los Angeles and return is \$55. Limit six months, allowing stopovers in either direction. Similar excursion rates are in effect to all California points.

For full information, sleeping car reservations and tickets, call on, telegraph or write agents, Salem, or

ABOUT SCHOOL MATTERS TELL YOUR LITTLE FOLKS

The following is a summary of the most important bills affecting the public schools of Oregon, as summarized by the state department of education:

First, the Hawley bill: Every district in the state must maintain at least six months of school each year. A county court of each county must levy a tax for school purposes that will produce an amount which will aggregate at least \$7 for each child of school age (4 to 20 years). If a district's share of this sum does not amount to \$300 (six months at \$50 per month), then the county court must levy upon the property of such district a special tax large enough to produce the difference between such district apportionment of the county fund and \$300; provided that such special levy does not exceed a five mill tax. If the district's share of the county school fund and the amount raised by a five-mill tax (special school tax) does not amount to \$300, then the county court must transfer from the general county fund to the special fund of such district an amount that will equal the difference.

Second, the Philpott bill: This bill makes a change in the manner of apportioning the county and state school funds. As the law now is the county superintendent apportions the money by first giving to each district \$50 and then distributing the balance according to the number of pupils in each district. This bill provides that the county superintendent shall first give to each district \$100 and then distribute the balance according to the number of children in each district.

Third, the bill introduced by Lane county delegation: This bill provides for a county high school fund. It provides that a county at any general election may vote upon the question of creating a county high school fund. When such fund has been created it is placed under the control of a county high school board, consisting of members of the county court, the county treasurer and the county school superintendent. Every high school in such county that maintains a school up to the standards prescribed by the state board of education is entitled to receive tuition from this fund for all pupils attending such high school. The basis of the distribution is the average daily attendance during the school year. A high school shall receive not less than \$40 per pupil for the first 20, \$30 per pupil for the second, and \$12 per pupil for all remaining pupils, provided that the total paid any district shall not exceed the amount paid by the district to the high school teachers.

Fourth, the Dodd bill: This bill gives the county superintendent authority to make a partial apportionment of the money to any district upon the request of the board of directors of such district.

Fifth, the Cole bill: This bill declares unlawful any secret societies, including fraternities and sororities which may now and hereafter exist in any of the public schools of this state, including high schools. It makes it the duty of each school board in the state to examine into the conditions of all schools under its charge and to suppress all secret societies therein. The act does not apply to the Oregon Agricultural College or to the state university.

Sixth, the McArthur bill: The governor shall appoint by the first Monday in July, 1909, a board of five members called the board of higher curricula, the members to serve without pay, excepting traveling expenses. This board shall first meet the first Monday in July, 1909. The duty of the board shall be to determine what courses of study of departments shall not be duplicated in the higher educational institutions of Oregon. The secretary of the board shall keep a record of such determination and shall notify the governor and the secretaries of the several boards of the higher educational institutions of such determination. It shall be the duty of each institution to conform thereto. Any changes that are made shall become effective at the beginning of the school year following such determination. It provides that the

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms are Dr. Pierce's Golden Medical Discovery and Dr. R. V. Pierce's Buffalo, N. Y., for a full and complete list of the names of the standard medical authorities, giving the names of all the ingredients entering into his world-famous medicines and showing what the most eminent medical men of the age say of them.

each of the institutions and that the board of each separate institution shall have a hearing before the board of higher curricula relative to any change that may be contemplated.

Seventh, the Farrell bill: This bill affects school houses by providing that the outside doors and other exits of all school buildings shall be so swung and hinged that they shall open outward. These changes must be made within six months after the time that this act takes effect.

'Twas a Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work or get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, Coughs and Colds, Hemorrhages, Hay Fever, LaGrippe, Asthma or any Bronchial affection it stands unrivaled. Price 50c and \$1 Trial bottle free. Sold and guaranteed by J. C. Perry.

Washington's Plague Spots

Lie in the low marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility, and bring suffering or death to thousands yearly. "But Electric Bitters never fail to destroy them and cure malaria troubles." "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles, and will prevent Typhoid. Try them 50c. Guaranteed by J. C. Perry.
